Cancellation of Oxide
Conversion Proj .

INTERDEPARTMENTAL CORRESPONDENCE

TO: R. D. Rush (2)
Planning
DEPT: 071
LOCATION: ~~X~~-100 Building .

DATE: December 14, 1978
FROM DEPT: 820
CODE NO: GAT-820-78-236
REFERENCE:

SUBJECT: REQUEST FOR CANCELLATION OF PROJECTS NO. 30098 (GPP) AND
NO. 11183 (EXPENSE) - UF_6 CONTAINMENT, OXIDE CONVERSION

The above mentioned projects are currently underway with contractor work being performed. However, the Oxide Conversion Facility is currently shut down for a two-year period and is undergoing extensive Engineering Study for containment purposes. Since the philosophy and mode of **containment criteria** has changed since the conception of Projects No. 30098 and No. 11183, we desire to cancel and place any procured equipment in an HFFP category.
